PART III

DESIGNATION OF SUCCESSFUL CANDIDATES WINNERS AND ENROLMENT

Art. 15

Publication of the rankings per Department and Area and designation of winners

As regards applicants to the first year of the single-cycle course or to the three-year Bachelor's Degree course:

IUSS Rector approves the ranking of each Department divided into the two Areas and appoints the winners of the competition by own decree.

Only those who have obtained an overall score (the sum of the two written tests) of not less than 70 points will be considered eligible for admission to the IUSS.

The ranking of each Department divided into the two Areas will be published in the School Register and sent to the candidates by e-mail before **12 noon on Thursday 12 September 2019**.

For the places assigned to the Collegio Volta/Collegio Cairoli, the Department ranking divided into the two Areas, as published in the School Register, is final: the first in the ranking of each Area of the Department wins the place at the Collegio Edisu (Volta or Cairoli) which he/she then decides to enter. Should this winner also win the IUSS place at a College of Merit, he/she may freely choose to enter that College. In this case, in order to assign the place at the Collegio Volta/Collegio Cairoli, the ranking list will be scrolled.

Scrolling for assigning the place at the Collegio Volta/Cairoli only continues until the eighth place of each area ranking. Following this scrolling, should no winner accept the free place at the Collegio Volta/Cairoli, this will not be assigned, but attributed to the Colleges of Merit with the award of the 1,000.00 euro study grant.

In order to assign the places reserved for the Colleges of Merit, the winners must enrol in one of these Colleges, under penalty of forfeiture, according to the results of the respective competition procedures and with freedom of choice in the event of winning the place at more than one College of Merit.

In the case of *a tie*, the ranking is made up by placing in order the candidates according to the grade obtained in the distinguishing subjects and, in the case of a further tie, according to the order in which the competition application was submitted.

IUSS

Scuola Universitaria Superiore Pavia

In order to enrol in the Undergraduate courses, the winners of the competition must submit the documents referred to in art. 16 below by **12 noon on Friday 27 September 2019** to the head office of the school, under penalty of forfeiture.

Any scrolling of the ranking shall continue until **Thursday 10 October 2019**. Within this period, should one of the winners withdraw for any reason, the ranking vacancies will be filled with the next-ranking candidates. Candidates who have not completed their enrolment at a college are considered to have lost their place in the ranking.

As concerns only candidates who have taken the admission test for the degree course in Medicine and Surgery and Dentistry and Dental Prosthesis in Italian and the degree course in Medicine and Surgery in English, the deadline for enrolment in the courses will be postponed on the basis of the schedule indicated in the respective calls for applications for admission to Medicine and Surgery and Dentistry and Dental Prosthesis for the academic year 2019-2020, published by the University of Pavia. As a consequence, the scrolling operations to fill and assign vacancies with next-ranking candidates, limited to the ranking of the Humanities and Life Sciences Department - Biomedical Sciences Area will be postponed. All the above deadlines will be notified to those concerned by means of specific communication.

As regards applicants to the two-year Master course of study:

IUSS Rector approves the ranking of each Department divided into two Areas and appoints the winners of the competition by own decree.

Eligible candidates, i.e. those who have obtained a minimum score of 57/80, are admitted according to the admission ranking list order until the available places are filled.

The final ranking of the IUSS is published in the School Register and sent to all candidates by e-mail before **12 noon on Friday 20 September 2019**.

In order to enrol in the Undergraduate Courses, the winners of the competition must mandatorily submit the documents referred to in art. 16 below by **12 noon on Friday 27 September 2019** to the head office of the School.

In the case of *a tie* in the overall grade (assessment of qualifications plus interview), the ranking is made up by placing in order the candidates according to the grade awarded in the qualification assessment and, in the case of a further tie, according to the order in which the application for entry to the competition was submitted.

In order to assign the places, the winners must enrol in one of the Colleges of Merit or of the EDISU Colleges, under penalty of forfeiture.
