Financing the post-2015 Sustainable Development Goals: A rough roadmap

The scope of the seminar is twofold. First, we will provide a brief overview of the mission and programme of work of the Overseas Development Institute (ODI) (including opportunities offered by the ODI Fellowship Scheme) and, more broadly, of think-tanks working on international development.
Second, we will present and discuss a recent ODI research report Financing the post-2015 Sustainable Development Goals: a rough roadmap which builds on a large body of recent literature on how the Sustainable Development Goals (SDGs) should best be framed, delivered and, in particular, funded, focusing on developing countries.

Speaker

Annalisa Prizzon
Research Fellow, Centre for Aid and Public Expenditure – Overseas Development Institute U.K.
