1.1 Overview

Evalueserve, founded by former executives from McKinsey & Co. and IBM (www.evalueserve.com) offers high-quality knowledge services in Investment Research, Business Research, Intellectual Property and Legal Research, Market Research, and Data and Financial Analytics to clients worldwide. Founded in 2000, it has more than 2,000 employees, with operation centers in India, China and Chile, and a strong sales presence across all major global locations. Circle of Experts, a recently acquired company, is an independent research firm which provides institutional investors direct access to a network of senior executives in a wide range of industries.

Our Clients vary in size and industry – from the largest Fortune 500 firms to aggressive start-ups. We have extensive industry expertise in wide ranging industries – Financial Services, Telecom/IT/High Tech, Pharma/Biotech/Healthcare, Industrial Goods/Engineering, Consumer Goods/Retail, Energy, and Transportation/Automotive. To date, we have worked on over 10,000+ projects in more than 50 native languages. Evalueserve won several awards in 2006, including the Red Herring Asia Top 100 Award, the NASSCOM IT Innovation Award for Business Model Innovation and the Deloitte Fast 500 APAC Award.

We provide excellent growth prospects; the firm has been doubling in size every year since its creation.

Job description – Analyst in Primary Market Research Unit (India)

Evalueserve is currently offering positions (minimum duration 6 – 12 months) in the Gurgaon office of the company near New Delhi. The work would involve:

- Conducting interviews and business surveys over the phone in the candidate's native language (90 percent of working hours) with senior executives, consultants, analysts, engineers, doctors etc. across the globe
- Collect information through primary research
- Identifying potential interviewees for research projects
- Translating and customizing documents from English to other languages
- Actively participate in and contribute to team discussions on building domain knowledge, understanding client requirements, developing strategies to meet objectives etc.

The Work Environment

You might expect to work in an international environment, with peers from India, Europe, Asia and Latin America. Evalueserve has a world-class infrastructure from where over 2000 employees conduct research. The nature of the work and the interaction with international colleagues and clients will enable you to gain expertise in international business processes, and also in intercultural understanding. Your employment with Evalueserve will be accompanied by several training programs that will enhance your inter-cultural communication skills, software applications ability and data handling skills.
The Ideal Candidate

- Bachelors or Masters degree holder in business administration, marketing, communication, languages or a lower qualification level accompanied by relevant work experience
- Prior market research/call-centre experience would be an advantage.
- Good communication skills in English and fluency in Spanish language
- PC skills, and knowledge of MS Office products
- Strong communication skills and expression management
- Confidence, flexibility and interest in foreign cultures
- Should like to work in a team

Facilities

- Free Transport and accommodation in Gurgaon (India)
- Attractive package
- Reimbursement of flight tickets
- Medical Insurance
