

Bundesagentur für Arbeit

Zentrale Auslands- und Fachvermittlung (ZAV)

The International Placement Service (ZAV) is a department of the German Federal Employment Agency. We recruit and place employees from abroad who are interested in working in Germany. With its seven faculties and four functional departments and the rehabilitation center for children, adolescents and young adults this clinic in Saxony near Dresden is one of the larger rehabilitation clinics in Germany. On behalf of this hospital we are looking for:

- **Physicians**
- **Internal medicine (assistant doctor and specialist)**
- **Paediatrics (assistant doctor)**
- **Neurology (assistant doctor)**

Offered will be

- Modern diagnostic and therapeutic facilities
- External and internal postgraduate education and training opportunities with generous support from the clinic
- Income-before-tax: for assistant doctors between 3850 - 4582€
for specialists: 5200 -6005€ and variable benefits (e.g. for emergency service)
- Several months free accommodation in the hospital's own housing units and help in finding accommodation
- Local kindergarten and school facilities available

You may apply if you have a medical degree and a license to practice medicine.

Please remark that current German language skills (level EUROPASS B1 or "Großes Sprachdiplom" from the Goethe-Institut) are requested. Additional German courses are offered.

Please contact us if you are interested (address below) even for further information:
