ANNEX A

THE STATUTE OF THE UNIVERSITY SCHOOL FOR ADVANCED STUDIES IUSS PAVIA

PREAMBLE

The University School for Advanced Studies IUSS Pavia was established with the Programme Agreement, signed on 19th February 1997 between the Ministry of Universities and Research and the University of Pavia. This Agreement provided for the experimentation in Pavia of high-level courses aimed at integrating undergraduate and postgraduate university studies and pursuing specific objectives through the creation of a consortium of the University of Pavia, Collegio Borromeo, the Collegio Ghislieri, the Collegio Santa Caterina, the Collegio Nuovo and EDiSU (the Institution for the Right to University Study). The Ministerial Decree of 8 July 2005 established IUSS as a University School for Advanced Studies with a special statute.

TITLE I

GENERAL PRINCIPLES

Article 1 (The School)

1. IUSS is a public institution of higher education and research with a special statute and it may use, in its external and internal relations, the name University School for Advanced Studies IUSS Pavia, for brevity IUSS.
2. IUSS is divided into two academic structures: the Department of Humanities and Life Sciences, and the Department of Science, Technology and Society.
3. IUSS has legal status and didactic, scientific, organizational, managerial, administrative, financial and accounting autonomy, and realizes its autonomy through the Statute and the internal regulations.
4. In accordance with its public function, IUSS is secular and pluralist, and guarantees respect for the principles of freedom of expression, teaching and research.
5. IUSS ensures the full implementation of the principle of equal opportunities in employment and study.
6. Pursuant to Article 3 of Law no. 240/2010, Ministerial Decree no. 635 of 8 August 2016 and Ministerial Decree no. 264 of 12 May 2017, IUSS is federated with the Pisa Sant'Anna School of Advanced Studies, hereinafter referred to as Scuola Sant'Anna, and with the Pisa Scuola Normale Superiore, hereinafter referred to as Scuola Normale, which is also a superior graduate school with a special statute, without prejudice to the legal, scientific, management and administrative autonomy of each university.

Article 2 (Objectives)

1. In recognizing human capital as the main resource for the development of a country, IUSS proposes to contribute to the full development of particularly talented young people, offering

IUSS

Scuola Universitaria Superiore Pavia

them advanced university training that enhances skills, as well as interdisciplinary opportunities for scientific and cultural enrichment. IUSS also aims to contribute to the advancement of knowledge in the sciences and humanities, providing young people with training in research techniques and the opportunity to develop their own research programmes.

2. IUSS, for the above reasons, promotes an environment with strong links between higher education and research, and considers the latter to be a prerequisite in ensuring the quality and effectiveness of education. This interaction should be taken into account also for the purposes of identification of new teaching programmes.

3. IUSS, in pursuing its objectives, operates in close synergy with all the components of the Pavia and Lombard university system. IUSS promotes collaboration with the University of Pavia, the Pavia university colleges and the EDISU (Institute for the Right to University Study) and affiliated colleges. With this orientation IUSS intends to consolidate Pavia's position as a place of study that particularly appeals to young people from all over Italy and from abroad.

Article 3 (Headquarters)

1. IUSS has its legal head office in Pavia.
2. IUSS may establish other scientific and teaching centres in Italy and abroad, in collaboration with public and private parties.

Article 4 (Courses and Qualifications Awarded)

1. For the achievement of its teaching objectives IUSS organizes:
 - a) undergraduate courses for students enrolled in Bachelor's degree courses, Master's degree courses or single-cycle degree courses at the University of Pavia or other educational institutions affiliated with IUSS;
 - b) Doctor of Philosophy courses.
2. It may also activate:
 - a) within the framework of the Federation and pursuant to Article 1 paragraph 6, advanced degree courses with at least one of the federated universities and/or with at least one Italian or foreign university, through the stipulation of appropriate agreements;
 - b) first and second level Master's degrees, also in collaboration with other Italian and foreign universities;
 - c) other advanced courses, lifelong learning, short courses and seminars, including the ones in collaboration with Italian and foreign universities and/or other public or private parties.
3. The courses are governed by the academic regulations and by specific regulations approved by the Academic Senate.
4. IUSS may award prizes and scholarships to students who enrol in the courses.
5. IUSS, in accordance with its objective to identify and cultivate talent, may establish university and professional training orientation courses.

IUSS

Scuola Universitaria Superiore Pavia

Article 5 (Admission)

1. Admission to IUSS courses is based on merit and it is open to citizens of all countries, through a public selection procedure, in accordance with the regulations approved by the Academic Senate.
2. Selection is intended to ensure the high-level of preparation, talent, motivation and potential for cultural and professional development of the candidates.

Article 6 (Scientific Research)

1. IUSS organizes its research activities – carried out both internally and externally – on the basis of special agreements. It establishes and promotes research centres and laboratories. Research centres and laboratories are the main locations for IUSS scientific activities, supporting postgraduate training activities.
2. IUSS promotes basic and applied research and encourages participation in research projects in its fields of interest, implemented both in Italy and abroad, including collaborations with universities and educational and research institutes, both Italian and foreign, public or private.
3. IUSS may grant scholarships and research grants for the development of scientific research activities.

Article 7 (Institutional Participation of Colleges)

1. IUSS recognizes the particular formative role of university colleges and has realized its own advanced form of institutional participation for Pavia colleges in its teaching and research, considering this participation to be a distinctive feature of IUSS, within the framework of Italian University School for Advanced Studies. Thanks to this collaboration, IUSS also provides suitable college accommodation for its teaching and research activities, as well as organizing cultural and educational activities with the colleges.
2. Since the foundation of IUSS, participating institutions have included: Almo Collegio Borromeo, Collegio Ghislieri, Collegio Nuovo – Fondazione Sandra e Enea Mattei, Fondazione Collegio Universitario S. Caterina da Siena and EDiSU (Institution for the Right to University Study).
3. IUSS, in its regulations, has defined the possible modalities of participation of other university colleges, after receiving the opinion of the Board of Colleges.

Article 8 (Internationalization)

1. IUSS promotes international participation in the implementation of scientific, cultural and teaching activities, encouraging the mobility of teaching staff and students, and participation in international projects and research groups.
2. To this end IUSS may stipulate inter-university collaboration agreements that provide for the establishment of courses and joint research programmes.

Article 9 (External Collaborations)

1. IUSS, for the achievement of its institutional purposes, may activate collaborations with public and private parties, Italian and foreign, through contracts, agreements and conventions.
2. IUSS, for the execution of activities instrumental to the achievement of its institutional purposes – subject to the limits and in accordance with the manner permitted by legislation in force – may

IUSS

Scuola Universitaria Superiore Pavia

set up, participate in or take advantage of foundations, associations or other public or private associations.

3. IUSS staff may be assigned to these structures if positions are available.

Article 10 (Relationship with the Territory)

1. IUSS, within the context of its objectives and specific competences, collaborates with local administrations, institutions and authorities for the social, economic and cultural development of the territory. Special attention will be given to the dissemination of knowledge and initiatives for technology transfer, including by supporting spin-off and start up activities. In establishing development plans, IUSS will contribute to the Pavia and Lombard university system as a national and international centre of competence in specific sectors of advanced research.

Article 11 (Awards and Honours)

1. IUSS may give prizes and confer honours and awards on people who have distinguished themselves and made significant contributions to the scientific, cultural, social or professional sectors.

Article 12 (Collaboration with Former Students)

1. IUSS encourages relationships with former students in order to promote and maintain relationships between former students, between the latter and IUSS and support IUSS teaching and research initiatives.

Article 13 (Cultural and Sporting Activities)

1. IUSS encourages educational activities managed by the students themselves in the fields of culture and cultural exchanges, sport and leisure activities, including through associations and committees.

2. IUSS promotes staff cultural, sport and recreational activities, through staff associations and with bodies and associations operating in these areas.

Article 14 (Principles of Administration and Management)

1. IUSS bases its administration and management on the principles of transparency, economy, efficiency, effectiveness, simplification, advertising and equal opportunities.

2. IUSS management and operations ensure different levels of autonomy and responsibility for the structures and the quality of services within a common framework defined by the Board of Governors.

3. In accordance with the general principle of separation of the guidance and management functions, the governing bodies define the objectives and programmes to be implemented, issue general directives, verify the correspondence between management results and the general directives provided; whereas, the managers are responsible for financial, technical and administrative management in implementing the directives laid down by the governing bodies.

4. IUSS adopts its own financial and accounting system, pursuant to Article 7 of Law no. 168 of 9 May 1989 and subsequent modifications and integrations, based on an analytical accounting

IUSS

Scuola Universitaria Superiore Pavia

method in compliance with the requirements of Law no. 240 of 30 December 2010 and subsequent ministerial provisions.

Article 15 (Sources of Funding and Assets)

1. Sources of IUSS funding include:

- a) state and other public and private body funding;
- b) contributions, donations and gifts from natural and legal persons, public and private, national and international, including for prizes, scholarships and the promotion of cultural and research activities;
- c) other sources such as the proceeds of contracts, conventions and activities, income, revenue and sale of assets.

2. For its institutional activities IUSS uses and maintains:

- a) real estate that it owns;
- b) real estate granted in use by the state and other public bodies, including free-of-charge and perpetual usufruct;
- c) technical equipment, scientific collections, the library and archive collection, either owned by IUSS or at its disposal;
- d) intangible assets (industrial patents and intellectual property rights, concessions, licences and other similar rights) owned by IUSS or produced within the context of their research activities.

Article 16 (Financial Year and Accounting)

1. The financial year begins on 1st of January and ends on 31st of December of each year.

2. Within this period the Board of Governors approves the budget, and the final accounts for the financial year before 30th April of the following year. Approval of the annual accounts may take place before 30th June, if necessary.

TITLE II

SOURCES OF REGULATIONS AND PROGRAMMING TOOLS

Article 17 (Programming Tools)

1. IUSS adopts a strategic orientation plan with which the lines of development for a period of a number of years are defined with reference to the evolution of the cultural, social, economic, educational and scientific context, at a national and international level.

2. In implementing the strategic orientation plan IUSS bases its management on a three-year programme, pursuant to legislation in force.

3. IUSS, with the strategic orientation plan, defines its strategic development guidelines, priority fields of interest within the research and training framework, the institutional partnerships to be activated with public and private parties, building and equipment needs, teaching staff, researchers and technical and administrative staff, and anything else necessary for the best use of financial resources and activities.

IUSS

Scuola Universitaria Superiore Pavia

4. The strategic orientation plan is approved by the Academic Senate upon the Rector's recommendation, having sort the opinion of the Department councils and the Board of Governors with regard to financial and management suitability.
5. The triennial programme is approved by the Board of Governors upon the recommendation of the Rector, having sort the opinion of the Academic Senate and the department councils.
6. The Board of Governors is responsible for monitoring the implementation of the strategic orientation plan and the three-year programme, and the annual verification of the objectives achieved.
7. The Rector, including upon solicitation/request by the Academic Senate and the department councils, may propose changes to the triennial programme to the Board of Governors and to the Academic Senate, including upon solicitation/request by the Board of Governors and the department councils, and any changes to the strategic orientation plan.

Article 18 (Internal Sources)

1. IUSS, in compliance with legislation in force and this Statute, may adopt regulations, manuals and disciplinary proceedings.
2. IUSS regulations are approved and modified by an absolute majority of members:
 - a) of the Board of Governors, according to the regulations for administration and accounting, and to other regulations provided for by the law or this Statute;
 - b) of the Academic Senate, according to the general regulations, the research and teaching regulations and any regulations additional to those provided for in the previous point.
3. Regulations containing matters pertaining to the Board of Governors and matters pertaining to the Academic Senate are approved in the same complete text by both bodies.
4. The manuals and disciplinary proceedings contain implementation regulations for specific areas of the regulatory provisions and are issued by the Rector or by the Head of the Administration in accordance with their respective competences.

IUSS

Scuola Universitaria Superiore Pavia

- the IUSS Rector;
- the Head of the Department of Humanities and Life Sciences, elected by the respective Department Council;
- the Head of the Department of Science, Technology and Society, elected by the respective Department Council;
- four representatives of tenured IUSS full and associate professors and researchers, elected from among the professors and researchers themselves;
- a representative of the technical and administrative staff, elected from among the staff itself;
- a representative of the Board of Colleges, elected from among the Board itself;
- two IUSS student representatives, one elected by the students of undergraduate courses from among themselves and one elected by the students enrolled in doctoral courses from among themselves.

Article 24 (the Federated Board of Governors)

1. Within the context of the Federation, pursuant to Article 3 of Law no. 240/2010, Ministerial Decree no. 635 of 8 August 2016 and Ministerial Decree no. 264 of 12 May 2017, the joint IUSS and other federated universities Board of Governors is constituted.

2. The Board of Governors is made up of nine members:

a) the Rector of IUSS

b) the Rector of Scuola Sant'Anna;

c) the Director of the Scuola Normale;

d) three external advisers of the federated universities. Each adviser is appointed by the Academic Senate of the respective federated university, upon proposal by the respective rector/director, either Italian or foreign with proven competence in the field of management, that is, high-level professional experience with the required scientific and cultural qualifications, who have not held positions at the federated universities for at least five years prior to taking up the position, for the entire duration of the same as well as for three years following the end of the same;

e) an IUSS student, elected from among the students in accordance with internal procedures;

f) a Scuola Sant'Anna student, elected from among the students in accordance with internal procedures;

g) a Scuola Normale student, elected from among the students in accordance with internal procedures.

3. The Board of Governors is constituted with a joint decree of the rectors/director of the federated universities and lasts for three years. If for any reason a member is absent, the new member will be identified from within the same category of membership in accordance with the procedures referred to in the previous paragraph and will remain in office until the original expiry of the mandate. Failure to identify one or more members does not prevent the regular constitution of the body. The term of office of the members referred to in d) is three years and is renewable once; the term of office of the members referred to in e), f) and g) is two years and is renewable once. A meeting of the Board of Governors is validly constituted with the presence of at least six members.

IUSS

Scuola Universitaria Superiore Pavia

4. At its first meeting the Board of Governors will elect from among the three Governors, as referred to in point d), the President of the Board of Governors, without prejudice to that foreseen in Article 58 in the initial application phase. If the Chairman has not been identified, is no longer in the position or is unable to take up the position for any reason, his functions will be carried out by the longest standing rector/director. The President of the Board of Governors chairs the meetings and decisions are taken by a majority of those present, in case of parity the President will have the casting vote. Meetings are attended by the Governors/secretary general of the federated universities, for the carrying out of functions for which they are responsible regarding their university and minute taking.
5. The Board of Governors will meet every six months, on a day agreed upon by the President and the rectors/director of the federated universities. The Board is also convened upon written and justified request to the President of the Board of at least four members.
6. The meetings of the Board of Governors may be held online, through means common to the federated universities; in this case, the meeting will be deemed to have been held in the place where the President of the Board of Governors is present.
7. One or more members of the Joint Board of Statutory Auditors will attend the meetings of the Board of Governors, with the right to insert comments in the minutes. In addition, the President may invite parties pertaining to one of the federated universities, or other parties relevant to the topics to be discussed, to participate in the discussion before the relevant resolution.
8. The Governors referred to in paragraph 2 d), e), f) and g) who are absent without justification at three consecutive meetings will be declared to no longer be Governors, enforceable with the joint signatures of the rectors/director of the federated universities.

Article 25 (Functions of the Federated Board of Governors)

1. The Federated Board of Governors is the governing body of IUSS and the other federated universities. It performs the financial, asset and staff planning functions, guaranteeing the financial sustainability of the activities of each of the federated universities.
2. In particular, the Board of Governors is responsible for:
 - a) outlining the strategic coordination of the federated activities of the three institutions, proposing the adoption of measures for this purpose to the Academic Senates of IUSS and the other federated universities;
 - b) expressing an opinion on the amendments to the Statute;
 - c) approving the administrative, financial and accounting regulations, and other regulations for which the Academic Senate is not responsible;
 - d) expressing an opinion on the regulations for which the Academic Senate is responsible, and the Code of Ethics;
 - e) upon proposal by the Rector and after obtaining the opinion of the Academic Senate – for the aspects for which it is responsible – approving the annual and triennial budgets, the final accounts and the triennial programming document and forwarding a copy of the annual and triennial budgets and the final accounts to the ministries responsible;
 - f) conferring the post of Head of the Administration, upon proposal of the Rector, having obtained the opinion of the Academic Senate, determining the relative financial remuneration in accordance with the relevant Italian legislation;

IUSS

Scuola Universitaria Superiore Pavia

- g) exercising disciplinary authority regarding professors and researchers, pursuant to Article 10, paragraph 4 of Law no. 240/2010;
- h) approving staff requirements and, as regards funding and staffing levels, the proposals for employing professors and researchers formulated by the Academic Senate;
- i) approving the proposals of the Rector for the stipulation of teaching contracts pursuant to Article 23, paragraph 3 of Law no. 240/2010 and determining the relative remuneration;

- d) a minimum of one to a maximum of four researchers;
- e) a minimum of two to a maximum of four student representatives of the Department, corresponding to at least 15% of the members, of which at least one student from the undergraduate courses and at least one student from the doctoral courses.

The mandate of the researchers referred to in d) is two academic years; the term of office of the representatives referred to in e) is two years; the total number of members referred to in d) and e) is determined as half the number of full and associate professors in the Department, rounded down; this number is divided between the two components, in the case of an odd number the extra one is attributed to the students.

2. The election method is governed by a special regulation approved by the Academic Senate.

3. If for any reason an elected member leaves or loses the qualification foreseen for his election, he is automatically replaced by the first non-elected member. Failure to elect one or more members does not prevent the regular constitution of the Department Council. The quorum is constituted by the absolute majority of the members referred to in the first paragraph, letter b).

4. The Department Council is convened by the Head of Department whenever he deems it to be necessary or upon the request of at least one third of the members, and in any case at least four times in an academic year. The Head of Department may, when he considers it to be expedient, extend participation to all the researchers in the Department. In this case the researchers participate without voting rights – excluding those referred to in d).

5. The department councils perform the following functions:

- a) organize teaching activities;
- b) organize activities for the verification of student skills;
- c) organize research activities in the various scientific fields relevant to the respective Department;
- d) entrust professors and researchers with the task of teaching students, including orientation and tutorship, taking into account the peculiarities of the IUSS training model, in accordance with the modalities defined by a special regulation approved by the Academic Senate and the deliberations of the Academic Senate.

6. The department councils provide opinions, where required, relating to teaching and research activities and develop the teaching programme for the academic year, before forwarding it to the Academic Senate for approval.

7. The department councils decide on: study plans; the coordination and management of courses in accordance with the teaching programme approved by the Academic Senate; student requests to enrol at a university other than Pavia with which a specific agreement has been made; student requests for the suspension of teaching activities and participation in study and research activities not held on the IUSS campus; setting up of tutoring and courses supplementary to those followed by IUSS students at the university; admission to Ph.D. theses defence. All decisions must be in accordance with the principles established by the Academic Senate and, with regard to financial compatibility, by the Federated Board of Governors.

8. Department councils provide opinions to the Academic Senate on: calls for full and associate professors and researchers or modifications to their scientific fields; measures relating to professors and researchers; stipulation of teaching contracts; conferral of honorary doctorates.

IUSS

Scuola Universitaria Superiore Pavia

9. With regard to the provision of the opinions referred to in the preceding paragraph, the composition of the Department Council is restricted to full professors only for calls for full professors and for measures relating to full professors; to full and associate professors only for calls for associate professors and researchers and measures relating to associate professors for the stipulation of teaching contracts, to professors and researchers only for measures relating to researchers and for the conferral of honorary doctorates.

10 Department councils also advise and make proposals on: scientific and teaching agreements and collaborations; establishment of research centres and laboratories and appointment of the respective managers; allocation or substitution of courses or modules; recruitment of staff or mother-tongue linguists.

11. The Head of Department has the right to invite to parties who participate in IUSS teaching and research activities council meetings, without the right to vote.

Article 34 Federated Departments

Within the context of the Federation, the Board of Governors, after having sort the opinion of the Academic Senate, may establish, including on an experimental basis, other academic structures called Federated Departments.
