Introduction

The IUSS School has prepared this document to help match the supply and demand for private housing in the city of Pavia.

The aim is to support students in organising their study period in Pavia.

Please note that IUSS does not act as an intermediary between individual property owners and students, and therefore cannot be held responsible for any inaccuracies or contractual breaches.

Collegi di merito

IUSS counts among its institutional partners the «Collegi di Merito» (Merit-based Colleges) of Pavia.

These colleges, recognised by the Ministry of University and Research, require admission through a competitive selection process.
